COMMENTS:

PLEASE NOTE - This inquiry will only provide estimated distance to service & estimated cost to extend water and sewer mains. Additional fees required if: a water or sewer main extension is required for service; a service connection is installed at a depth of 5 feet or greater; the service line is greater than 100 feet. **PLEASE REFER TO GBWC TARIFF FOR A COMPLETE LISTING OF COSTS, FEES, RULES & REGULATIONS.**

The following items must be submitted in order to receive a more comprehensive cost estimate:

- 1) Detailed description of the proposed project (include square footage of building(s) and square footage of common areas to be irrigated).
- 2) Engineered plans of the onsite layout and interior plumbing design (include the number of water meters and their size(s) & sewer service line size(s)).
- 3) Engineer's estimate of daily water usage (gallons per day demand).

INQUIRY EXPIRES 45 DAYS FROM THE MANAGER'S SIGNATURE DATE.
