DEFINITIONS

DEFINITIONS APPLICABLE TO RULES AND REGULATIONS:

- (a) "Customer" shall mean any person, firm, corporation or municipality supplied by water service pursuant to these Rules and Regulations.
- (b) "Bona fide prospective customer" shall mean any owner or lessee who is to be the occupant of an existing development premises having a curb line abutting on that part of a street or public highway in which there is, or is to be, located a distribution main of the Company, who shall file a signed application for a new street service connection and for water service to such premises to be occupied.
- (c) "Company" shall mean the Water Service Corporation of Kentucky acting through its officers, managers, or other duly authorized employees or agents.
- (d) "Street service connections" shall mean a pipe with appurtenances used to conduct water from a distribution main of the Company to the curb line of the premises.
- (e) "Premises" shall mean and include:
  - (1) a building under one roof and occupied as one business or residence and served through one street service connection; or

- (7) Rates are based on single family residences or multi-family units and are not applicable to other single family residences or multi-family units. Where two or more residences or multi-family units are served through one street connection the Company may allow service to be taken through one meter if the segregation of plumbing on customer's premises would involve undue expense to the customer, but in this event the unit blocks and minimum bills of rate would be multiplied by such number of residences or units.

PROVIDED: They are located on lots having curb line abutting on that part of a street or public highway in which there is, or is to be, located a distribution main of the Company extending for at least one-half of the frontage of the lot on said street or highway.

1. RULES AND REGULATIONS GOVERNING RENDERING OF SERVICE:

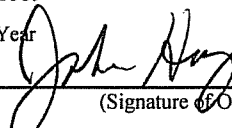

- (a) The Rules and Regulations in their entirety as hereinafter set forth or as they may hereafter be altered or amended in a regular and legal manner shall govern the rendering of water service and every customer upon signing of an application for water service or upon the taking of water service will be bound thereby.
- (b) Except fire and special temporary services, all service will be rendered on a meter basis. Residential, commercial, industrial and municipal service is only regularly available for single premises as "premises" is defined in these Rules. When the interests of other customers would not be jeopardized or prejudiced, the Company's President or a Vice President may, by writing, authorize service at regular rates to governmental or political corporations, districts, or authorities not qualifying as "premises" under these Rules. In special cases, for good causes shown, the Public Service Commission may permit deviations from this regulation.

2. APPLICATIONS FOR WATER SERVICE

(a) New Street Service Connection

Upon written application by the owner, or his properly authorized agent, on forms furnished by the Company, for the immediate and continuous supply of water to premises having a curb line abutting on that part of a public street or highway in which a distribution main of the Company is located, the Company will install, own and maintain the street service connection to such premises. The company shall determine the size of all street service connections.

- (b) The Company reserves the right to specify the size of the service connection for each installation. When application for a service connection installation is made, a service connection fee shall be paid according to the following schedule. Additionally, the customer shall be responsible for actual costs of gravel, asphalt, and concrete in addition to the Service Connection fee when good engineering practices require road work in the scope of the service connection:

Less than 1 inch connection      \$920.75

1 inch and greater connection      Actual cost

(c) Existing Street Service Connection

When any person, firm or corporation, not theretofore taking water service from the Company, applies for water service, the application shall be in writing on forms supplied by the Company. When such application is accepted by the Company, it shall constitute a contract between the applicant and the Company for service at the premises named in the application and at any other premises at which named applicant may be securing service unless a separate application for service to such other premises shall have been accepted by the Company.

Any change in the location of the contracting customer to any other premises will require notification of the Company by the Customer. The obligation of the customer to the

Company under the existing contract will continue in full force and effect at the new location, premises or address.

The Company shall have the right to discontinue the supply of water to any premises if the owner or occupant does not have a contract for such service with the company. Within twenty-four (24) hours after such termination, the Company shall send written notification to the Customer of the reason or reasons for the termination of service.

- (D) (a) A customer account set up fee of \$0.00 shall be charged for each new account.

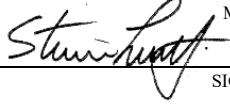

2. USE OF WATER IN ACCORDANCE WITH APPLICATION:

No person or persons, corporation or partnership receiving water service from the Company will be permitted to use water for any other purposes than that for which they shall have contracted to pay as shown by their application, nor shall they supply water in any way to any other party or parties without a written permit from the President or a Vice President of the Company. An accepted application for water service to any premises shall constitute a license to the applicant to take and receive a supply of water

for said premises but only for the uses specified in such applications and the supply shall not be used except for the premises specified in the application.

payment of the fees as set forth, have a test conducted by the Company in the presence of an employee of the Commission, or by an employee of the Commission. Should the meter be found, upon said test, to be more than two (2) percent incorrect to the prejudice of the Customer, the total cost of such test shall be assumed by the Company and the amount of the fee paid shall be returned to the Customer.

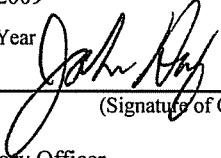

- (e) For test of meters made upon complaint of the Customer and performed by the Public Service Commission, the charges therefore shall be in conformity with the rules and charges prescribed by the Commission.

11, 12, & 13. PUBLIC FIRE HYDRANTS (including Private Fire Hydrants) and  
(Fire Hydrants in Unincorporated Areas)

Fire Protection Generally

1. On or after the effective date (June 7, 1992) of administrative regulation 807 KAR 5:066 Section 10(2) fire hydrants may be installed by a Utility only if:
  - a. A Professional engineer with a Kentucky registration has certified that the system can provide a minimum free flow of 250 gallons per minute; and
  - b. The system supporting this flow has the capability of providing this flow for a period of not less than two (2) hours plus consumption at the maximum daily rate.

2. The location, installation, and the responsibility for maintenance of fire hydrants, public and private fire protection facilities, connecting mains, and their ownership may be subject to negotiation between the Utility and the applicant. Fire hydrants and public and private fire protection facilities shall be installed as required by the Utility and if owned by the Utility shall be subject to any conditions the Public Service Commission may impose, based upon the compensation received for this service.

Fire Departments

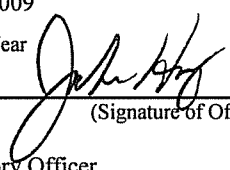

Any city, county, urban-county, charter county, fire protection district, or volunteer fire protection district ("User") may withdraw water from the utility's water distribution system for the purpose of fighting fires or training firefighters at no charge on the condition that it maintains estimates of the amount of water used for fire protection and training during the calendar month and reports the amount of this water usage to the utility no later than the 15<sup>th</sup> day of the following calendar month.

Any city, county, urban-county, charter county, fire protection district, or volunteer fire protection district that withdraws water from the utility's water distribution system for fire protection or training purposes and fails to submit the required report on water usage in a timely manner shall be assessed the cost of this water.

A non-reporting user's usage shall be presumed to be 0.3 percent of the utility's total water sales for the calendar month. A non-reporting user may present evidence of its actual usage to rebut the presumed usage. The utility shall consider this evidence and may adjust the presumed usage amount accordingly.

The non-reporting user shall be billed for this usage at the lowest usage block rate regardless of customer classification that the utility charges.

A. Non-reporting user shall also be assessed a penalty of \$20.00 for each failure to submit a report in a timely manner.

B. 14. DISCONTINUANCE OF WATER SERVICE:

(a) Service rendered under any application, contract or agreement may be discontinued by the Company after proper notification in accordance with 807 KAR 5:006, Section 14 for any of the following reasons:

(1) For willful or indifferent waste of water.

(2) For failure to protect the meter and its connections from injury or damage, or for failure to protect and maintain the service pipe or fixtures on the property of the Customer in a condition satisfactory to the Company.

(b) The water service will be discontinued to any premises on account of temporary vacancy upon request of the Customer, without in any way affecting the agreement in force, after the payment of all charges and fees due as provided for in the rates, rules and regulations of the Company.

(T) (c) Discontinuing the supply of water to any premises for any reason shall not prevent the Company from pursuing lawful remedies by action at law or otherwise for the collection of moneys due from the Customer.

(d) Water service may be terminated for non-payment per section 18(d)

15. RENEWAL OF WATER SERVICE AFTER DISCONTINUANCE:

temporary vacancy, it will be renewed after the acceptance of a new application and when the conditions, circumstances or practices which caused the water service to be discontinued are corrected to the satisfaction of the Company, and upon the payment of all charges due and payable by the Customer in accordance with the rates, rules and regulations. The Company will then reconnect existing service within twenty-four (24) hours, and shall install and connect new service within seventy-two (72) hours.

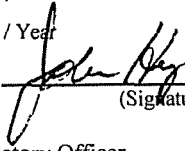

16. TURN-ON CHARGE

- (a) When it has been necessary to discontinue water service to any premises because of a violation of the Rules and Regulations or on account of the non-payment of any bill; a charge will be made to cover the expense of turning on water, and this charge together with any arrears that may be due the Company for charges against the Customer must be paid before the water will again be turned on.
- (b) If at the time of such discontinuance of service, the Customer does not have a deposit with the Company, the Company may require a deposit as a guarantee of the payment of future bills before the water will be turned on.

17. BILLS FOR WATER SERVICE:

- (a) Customers are responsible for furnishing the Company with their correct address. Failure to receive bills will not be considered an excuse for non-payment nor permit an extension of the date when the account would be considered delinquent.

- (b) All bills will be sent to the address entered in the application unless the Company is notified in writing by the Customer of any change of address. The Company may when possible at a future date provide for the option for Customers to have their bills sent by electronic mail upon request, which will replace paper bills, except for purposes of notice of disconnection.
- (c) If requested in writing by the Customer, the Company will send bills to and will receive payments from agents or tenants. However, this accommodation will in no way relieve the Customer of the liability for all water charges. The Company shall notify the Customer of the non-payment of water bills by such agents or tenants pursuant to applicable regulations.
- (d) Payments shall be made at the office of the Company or at such other places conveniently located as may be designated by the Company. The Company may allow payments to be made with cash, check, or credit/debit cards. If, on the bill due date, an attempt to pay the credit card or debit card is made and the card is declined for any reason, payment is still due in full on that date and will be considered late after that date. All late charges and penalties will be applied. If a customer is paying on our disconnect day and the card is denied, the same rules as above apply, in addition to service being disconnected.

When a customer makes a payment by credit card, the utility will assess a fee equal to that charged to the utility by the credit or debit card processing company to process the transaction. This fee is generally calculated using a formula applied to the balance of the amount charged to the credit or debit account but may be a flat fee per transaction. Prior to processing the transaction, the customer will be informed of the fee amount and, upon request by the customer, the formula employed to arrive at this fee amount.

- (e) The company will not be bound by bills rendered under mistake of fact and to the

- (T) (c) If test results on a Customer's meter show an average error greater than two percent (2%) fast or slow, or if a Customer has been incorrectly billed for any other reason, except in an instance where a Company has filed a verified complaint with the appropriate law enforcement agency alleging fraud or theft by a Customer, the Company shall immediately determine the period during which the error has existed, and shall recompute and adjust the Customer's bill to either provide a refund to the Customer or collect an additional amount of revenue from the underbilled Customer. The account adjustment shall be performed according to 807 KAR 5:006 Section 10(2) with corrected billing or refund as directed therein.

## 20. BOILER AND ENGINE WATER SUPPLY:

The Company does not guarantee a sufficient or uniform pressure, or an uninterrupted supply of water, and Customers are cautioned to provide a sufficient storage of water where an absolutely uninterrupted supply must be assured; such as for steam boilers, hot water systems, gas engines, etc.

## 21. INTERRUPTIONS IN WATER SUPPLY:

The Company may at any time shut off the water in the mains in case of accident, or for the purpose of making connections, alterations, repairs, changes, or for other reasons, and may restrict the use of water to reserve a sufficient supply for the public fire service or other emergencies whenever the public welfare may require it.

- (a) The company will undertake to use reasonable care and diligence in order to prevent and avoid interruptions and fluctuations in the service, but it cannot and does not guarantee that such will not occur.
- (b) The Company shall in no event be liable for any damage or inconvenience caused by reason of any break, leak or defect in the Customer's service pipe or fixtures.

23. CROSS CONNECTIONS AND INTERCONNECTIONS:

- (a) A cross-connection is any pipe, valve, or other arrangement or device connecting the pipelines of the Company or facilities directly or indirectly connected therewith to and with pipes or fixtures supplied with water from any source other than the lines of the Company directly connected.
- (b) An interconnection is a plumbing arrangement, other than a cross-connection, by which continuation might be admitted or drawn into the distribution system of the Company, or into lines connected therewith, used for the conveyance of potable water.
- (c) No cross-connection or interconnection will be made by Customer without the approval of the State Health Department and the Company.
- (d) The Company shall require the use of an approved protective device on the service line serving the premises to assure that any contamination that may originate in the customer's premises is contained therein. The methods of installation of backflow protective devices shall be approved by the Company. Any and all cost incurred with the installation and maintenance of cross-connection control devices and appurtenances shall be borne by the customer

27. FORM OF EXTENSION AGREEMENT:

Water Service Corp. of Kentucky  
Extension Deposit Agreement  
Developer Extension

This Contract made and entered into this the \_\_\_\_\_ day of \_\_\_\_\_, 200\_\_ by and between Water Service Corporation of Kentucky, referred to as the Company, and \_\_\_\_\_ referred to as the Customer.

Whereas, Customer desires water service to be made available to \_\_\_\_\_, which is located as shown on the attached plat, and which has been approved by all local, state or other regulatory, planning and zoning, or other governmental agencies prior to submission to the Company and,

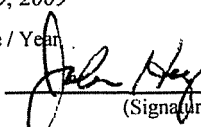

Whereas, Company is willing to allow Customer to construct and install this water main extension from its existing main located on \_\_\_\_\_ as shown on the attached map or plat,

NOW, THEREFORE, the Company and Customer mutually agree:

Prior to construction, Customer shall provide Company with the engineering plans and specifications for the proposed main extension. All plans and specifications must conform to the Company's tariffs and any other requirements of applicable regulatory agencies. The Company shall have the exclusive right to determine the feasibility of the extension, the type, location and size of mains to be installed and any related facilities or modifications to existing facilities necessary to render adequate service consistent with its tariffs and Public Service Commission regulations.

The Customer shall reimburse Company all expenses incurred in the review of the proposed plans prior to beginning construction. The estimated cost of this review is \$ \_\_\_\_\_.

The Customer, after approval by the Company of the plans, shall install at its cost all facilities necessary for the extension of service to the designated development.

The Company shall have the right to inspect the installation of the facilities and the materials at all times during construction. No facilities shall be covered or backfilled until approved by the Company.

If the Customer fails to complete the project or fails to complete the project according to the approved plans, the Company may complete the project or correct any deficiencies in workmanship or materials. The Company shall give Customer sixty (60) days' notice to correct any deficiencies. The Customer shall be liable for any costs incurred by the Company for completion of such work.

The Customer shall also be responsible for the federal and state income tax liability resulting from the contribution in aid of construction. No later than at the time of completion of the construction, the Customer shall provide to the Company the estimated amount of the Company's federal and state income tax liability for the project to be contributed to the Company. The federal and state income tax liability will be calculated as follows:

$$\text{TAX IMPACT} = R / 1.0 - R \times (F + P)$$

(1) R = Applicable marginal rate of Federal and State Corporate Income Tax.

(2) R shall be determined as follows:

$$R = ST + FT (1 - ST)$$

ST = Applicable marginal rate of State Corporate Income Tax

FT = Applicable marginal rate of Federal Income Tax

(3) F = Dollar Amount of charges paid or contributions to a utility as contributions in aid of construction which must be included in taxable income of the utility.

(4) P = Dollar amount of property or monies conveyed to utility which must be included in taxable income of the utility.

The final project cost for the extension shall be the actual invoiced cost of materials, equipment, labor and other associated costs. Final documentation of the total project costs shall be presented to the Company within ninety (90) days of completion of the construction, along with "as built" plans of the construction certified by the Customer's engineer that all construction was performed as required by the plans and specifications. Upon receipt of the final project costs from the Customer, the Company shall review those costs and once accepted shall approve the project costs as the amount to be refunded as specified below. If the calculation of the Company's federal and state income tax liability was underestimated after the Company accepts the final project costs, the Customer shall provide the additional tax liability. If the calculation of the Company's federal and state income tax liability was overestimated after the Company accepts the final project costs, the Company shall refund the difference in estimated and actual tax liability.

No later than at the time of completion of the construction, the Customer shall provide Company an easement sufficient to install, repair or construct facilities and to distribute water to the customers connected to the main extension. The grant of easement may be included in the recorded plat. The Customer shall also provide written notification to the Company of the contribution and dedication of the facilities to the Company for use in providing water service.

For each customer connected to this main extension, the Company will refund to Customer a sum equivalent to fifty (50) feet of the final project cost, including federal and state income tax liability, of this extension. Total refunds shall not exceed the final project cost. This refund applies only to customers connected to the water main shown on the attached plat.

Refunds to the Customer shall be made in December of each year for those customers connected to this water main extension. It shall be the Customer's responsibility to notify the Company no later than November 1 of each year of the names and addresses of the customers connected to the extension in that year. In no event shall the refund be extended beyond ten (10) years from the date of this contract. The Company shall not be required to refund a sum greater than the final project cost.

28. SERVICE CHARGE:

The following charges will be made by the Company to cover the cost incurred in reconnecting the meter or service when the Customer's service has been disconnected:

- |     |     |   |        |
|-----|-----|---|--------|
| (D) | (a) | For non-payment of bills . . . . .  | \$0.00 |
| (D) | (b) | For violation of the Company's Rules and Regulations after the Customer has qualified for and requested that the service be reconnected . . . . . | \$0.00 |
| (D) | (c) | At his request and at any time subsequently within 12 months is reconnected at the same location . . . . .  | \$0.00 |
| (D) | (d) | After hours call outs. . . . .  | \$0.00 |

These charges are to be paid by customer before or at the time service is reconnected.

29. CUSTOMER'S DEPOSITS:

The Company may require a minimum cash deposit other guarantee to secure payment of bills. Service may be refused or discontinued for failure to pay the requested deposit. Interest, as prescribed by KRS 278.4601, will be paid annually either by refund or credit to the Customer's bill, except that no refund or credit will be made if the Customer's bill is delinquent on the anniversary date of the deposit.

The deposit may be waived upon a Customer's showing of satisfactory credit or payment history, and required deposits will be returned after one (1) year if the Customer has established a satisfactory payment record for that period. If a deposit has been waived or returned and the customer fails to maintain a satisfactory payment record, a deposit may then be required. The Company may require a deposit in addition to the initial deposit if the Customer's classification of service changes or if there is a substantial change in usage. Upon termination of service, the deposit, any principal amounts, and any interest earned and owing will be credited to the final bill with any remainder refunded to the Customer.

In determining whether a deposit will be required or waived, the following criteria will be considered:

SHEET NO. 31

Water Service Corporation of Kentucky  
(Name of Utility)

CANCELLING P.S.C. KY. NO. 2 (in its entirety)

---

CONTENTS

---

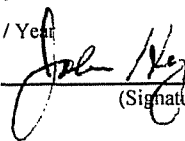

1. Previous payment history with the Company. If the Company has no previous history with the Company, statements from other utilities, banks, etc. may be presented by the Customer as evidence of good credit.
2. Whether the Customer has an established income or line of credit.
3. Length of time the Customer has resided or been located in the area.
4. Whether the customer owns property in the area.
5. Whether the customer has filed bankruptcy proceedings within the last seven years.
6. Whether another customer with a good payment history is willing to sign as a guarantor for an amount equal to the required deposit.

If a deposit is held longer than 18 months, the deposit will be recalculated at the Customer's request based on the Customer's actual usage. If the deposit on account differs from the recalculated amount by more than \$10.00 for a residential customer or 10 percent for a non-residential customer, the Company may collect any underpayment and shall refund any overpayment by check or credit to the Customer's bill. No refund will be made if the Customer's bill is delinquent at the time of the recalculation.

Deposits

Customer's deposits shall be based upon actual usage of the Customer at the same or similar premises for the most recent 12-month period, if such information is available. If usage information is not available, the deposit will be based on the average bills of similar Customers and premises in the system. The deposit amount shall not exceed 2/12 of the Customer's actual or estimated annual bill where bills are rendered monthly, 3/12 where bills are rendered bimonthly, or 4/12 where bills are rendered quarterly.

30. CUSTOMER BILL OF RIGHTS

As a residential Customer of a regulated public utility in Kentucky, you are guaranteed the following rights subject to Kentucky Revised Statutes and the provisions of the Kentucky Public Service Commission Administration Regulations:

- You have the right to service, provided you (or a member of your household whose debt was accumulated at your address) are not indebted to the utility.
- You have the right to inspect and review the utility's rates and tariffed operating procedures during the utility's normal office hours.
- You have the right to be present at any routine utility inspection of your service condition.
- You must be provided a separate, distinct disconnect notice alerting you to a possible disconnection of your service if payment is not received.
- You have the right to dispute the reasons for any announced termination of your service.

- (D)
1. Public Service Commission rules and regulations as set forth in 807 KAR 5 and Kentucky Department for Natural Resources, Division of Water standards and laws must be observed and adhered to, and may be viewed upon request by the applicant.
  2. The applicant agrees to pay a \$\_\_\_\_\_ meter deposit, which will be refunded with interest when the applicant ceases to be a water customer and all accounts are paid in full.
  3. One household may be served by one meter. The company reserves the right to terminate service at the meter if addition of other houses or mobile homes is suspected.
  4. Company employees, possessing proper identification have right of egress and ingress for meter reading, maintenance and repair activities as they are warranted.
  5. Water bills are due to be paid between the first and the tenth of each month at the Company office. If not paid in full by the twentieth, service is subject to disconnection. An additional meter deposit may be required and a service charge must be paid before service may be restored.
  6. The water customer is responsible for water service lines from the meter to the dwelling. Installation, repair, and water loss are the responsibility of the Customer.
  7. Customer service lines and connections must be inspected by Company personnel to insure against cross-connections and inadequate materials for drinking water.
  8. Customer service lines shall be of at least ¾ inch pipe or larger, and shall be at least 160 pounds pressure with 200 psi preferred. Service line shall be buried at least 24 inches to prevent freezing. Encasement pipe may be required at the discretion of the Company.
  9. No galvanized fittings may be used on Customer lines.
  10. A cut-off valve outside the meter box must be installed on the Customer's service line for the Customer's use.
  11. A check valve to prevent back flow in case of water outage must be installed in Customer's service line

12. A plumbing inspection permit from the local Health Department must be shown before installation of a meter.
13. The company agrees to supply potable water with adequate pressure to the Customer meter. If water must be off for a planned outage Customers will be notified. In case of emergency water line repair or unforeseen water outage, the Company will restore service as soon as possible.
14. Upon fulfilling contract terms and desiring to discontinue water service, the Customer must give written notice in person or via telephone pursuant to 807 KAR 5:006 Section 12(1) of discontinuance at the Company office at least three days prior to the date on which disconnection is desired. If such notice is not given, the customer will remain liable for water used and service rendered to the premises by the Company until said notice is received by the Company office.

MONITORING OF CUSTOMER USAGE

At least once annually the Company will monitor the usage of each Customer according to the following procedure:

- (1) The Customer's annual usage for the most recent 12-month period will be compared with the annual usage for the 12 months immediately preceding that period.
- (2) If the annual usage for the two periods are substantially are same or if any difference is known to be attributed to unique circumstances, such as unusual weather conditions, common to all Customers, no further review will be done.
- (3) If the annual usages differ by twenty (20) percent or more and cannot be attributed to a readily identified common cause, the Company will compare the Customer's monthly usage records for the 12-month period with the monthly usage for the same months of the preceding year.
- (4) If the cause for the usage deviation cannot be determined from analysis of the Customer's meter reading and billing records, the Company will contact the Customer by telephone or in writing to determine whether there have been changes such as different number of household members or work staff, additional or different appliances, changes in business volume, or known leaks in the Customer's service line.
- (5) Where the deviation is not otherwise explained, the Company will test the Customer's meter to determine whether it shows an average error greater than 2 percent fast or slow.
- (6) The Company will notify the Customers of the investigation, its findings, and any refunds

or back billing in accordance with 807 KAR 5:006, Section 10(4) and (5).

In addition the annual monitoring, the Company will immediately investigate usage deviations brought to its attention as a result of its on-going meter reading or billing process or customer inquiry.

SCHEDULE OF SPECIAL SERVICE CHARGES

The following charges for special services shall be made:

- (D) 1. Service Reconnection Charge. A charge of \$0.00 shall be made for all service reconnections made during regular working hours, except that there shall be no connection charges made for service on the original installation of facilities.
2. Meter Reading Recheck Charge. Withdrawn
- (I) 3. Non Sufficient Funds Charge: Any check returned for NSF shall incur a charge of \$50.00.
4. Tampering Fee: Applies when it is deemed a customer willfully took action to interfere, alter or compromise the accuracy, registration or indication of a service meter or service facility or willfully caused damage to such a device of facility to obtain illicit service. The Company can recover all costs associated with having to replace and or repair such meter and fixtures attached. The customer will be billed on a time and materials basis.
- (R) 5. Meter Test. Upon request, the Customer may have his meter tested provided request by the  
(T) Customer is not more frequent than once each twelve months, subject to the fee provided in this  
(T) tariff. If such test shows the meter to be more than two percent fast, the bill shall be adjusted  
(T) accordingly. If the periodic testing requirement of 807 KAR 5:006 has not been met for the meter  
(T) tested, no charge will be made for the test regardless of results of the test.
6. PSC Meter Test Complaint. Any Customer of the Company may request a meter test by written application to the Kentucky Public Service Commission.
